

# Faltu Micro Recessed Fixed Round Downlight

Part Number JR01160

Approximate dimensions

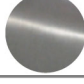

The Faltu micro standard recessed downlight is ideal for residential or historical spaces and is typically used in entrance halls, landings, stairs, kitchens, bathrooms or to highlight architectural features.

The fitting bezel material is brass making it suitable for interior and exterior areas, its compact LED module allows it to fit into a range of discreet locations.

Positioning is critical to be able to create the accent, task, effect or boost the general light ambiance. To keep glare to a minimum, considerate positioning will graze, wash, backlight or highlight the subject with its warm light colour, making this a flexible discreet lighting tool.

The bronze, chrome or white surface finish helps this product to disappear into its surroundings. To ensure you get the best effect our lighting designers are on hand to advise.
